[HOOK — 0:00-0:05] *To camera, casual wave.* This week at RelatiV...

[SHIP 1 — 0:05-0:18] *Screen recording.* Brand voice training. Models are training. We should have a beta in two weeks.

[SHIP 2 — 0:18-0:32] Pipeline's thirty percent faster. Found a stupid bug in stage three.

[SHIP 3 — 0:32-0:45] Dashboard got a glow-up. Darker. Crisper. Big italic V. You know the vibe.

[NEXT — 0:45-0:55] *To camera.* Next week — more render speed, plus a thing I'm not allowed to talk about yet.

[CTA — 0:55-1:00] Follow for the build.
